Customer Complaints

Flogas is committed to providing an excellent level of customer service. If however, you have a complaint, contact us on **041 2149500** or complaints@flogas.ie. Your complaint will be registered and a reference number issued. Every effort will be made to resolve your complaint in a speedy and professional manner. Some issues, by their nature, may take longer to investigate and rectify. If you feel your complaint has not been resolved to your satisfaction by Flogas, then you may refer your unresolved dispute to:
The Customer Care Team,
Commission for Regulation of Utilities,
PO Box 11934,
Tallaght, Dublin 24.
Telephone 1800 404 404.
Email: customer care@cru.ie

Energy Saving Hints and tips

- These days we use many electrical devices & appliances to get through our day. It would be difficult for any of us to stop using them, but making small changes to our habits can help to reduce energy consumption over time & being a bit smarter in the times we use devices can help to lessen use at peak times.
- Switch off unused devices at the wall socket when you are not using them. When devices are sleeping or in standby mode, they still use small amounts of electricity. Timers or smart plugs can be a good way to do this.

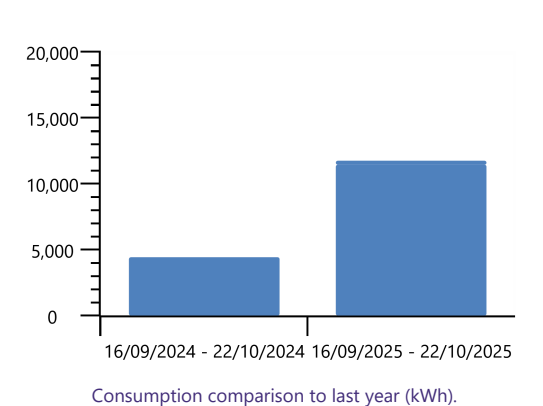

You can save money by renewing your contract or switching supplier if your existing agreement is due to cease or if you are out of contract.

Flogas Fuel Mix Disclosure
January 2023 to December 2023

Electricity supplied has been sourced from the following fuels	% of total	
	Electricity Supplied by Flogas	Average for All Island Market (for comparison)
Renewable	100.0	61.0
Natural gas	0.0	34.1
Coal	0.0	3.0
Oil	0.0	1.0
Other	0.0	0.6
Total	100.0	100.0
Environmental Impact		
CO ₂ Emissions	0g CO ₂ /kWh	223g CO ₂ /kWh

For information on your fuel mix and on the environmental impact of your electricity supply, visit www.flogas.ie or, for further details call 0412149500.

Consumption

Pass-through charges applicable to your premises are scheduled to change from the 1 October 2025. The change in these charges is dependent on the DUoS (Distribution use of system) or the 'DG' number that has been allocated to your commercial premises.

Pass-through charges are the charges that all electricity suppliers must pay other entities in the Integrated Single Electricity Market (I-SEM), when supplying electricity to customers, such as those incurred for the use of ESB Networks' and Eirgrid's systems. Some elements are not Flogas charges, these are market charges. Usually ESB Networks and Eirgrid set these charges, subject to regulatory approval by the Commission for Regulation of Utilities (CRU), on an annual basis.

Pass-through charges include:

- Transmission Use of Systems (TUoS)
- Distribution Use of Systems (DUoS)
- Market Operator Charges
- Imperfection Charges
- Electricity Tax
- MIC Charges
- PSO Levy
- Low Power Factor Surcharge

To understand more about pass-through charges for your business please visit www.flogas.ie/business/pass-through-charges/

The 2025/2026 PSO Calculations:*

The PSO levy for the year the 1 October 2025 to the 30 September 2026 is set to a monthly charge and has been reduced to €2.01 and €7.77 for domestic and small commercial customers, respectively. For medium/large commercial customers the monthly charge is set to fall to €0.96/KVA. The PSO levy figures noted here exclude VAT.

***Changes to the PSO for 25/26 will appear on your invoices from 31 October 2025.**

Public Service Obligation(PSO) Levy: Decreasedcosts for 2025/2026

The Public Service Obligation (PSO) levy is set by the Commission for Regulation of Utilities, enabling Ireland to meet its national

targets in terms of the generation of electricity from renewables and aligns with the CRU's vision of achieving a secure, low carbon future.

The table below details the PSO changes to apply from the 1 October 2025.

PSO Customer Category	Monthly Levy Amount (2024/25)	Monthly Levy Amount (2025/26)	Year on Year Decrease
Domestic	€3.23/ customer	€2.01/ customer	€1.22/ customer
Small Commercial (MIC <30 KVA)	€12.91/ customer	€7.77/ customer	€5.14/ customer
Medium/Large Commercial (MIC>_ 30KVA) (€/KVA)	€1.57/KVA	€0.96/KVA	€0.61/KVA
