Customer Complaints

Flogas is committed to providing an excellent level of customer service. If, however, you have a complaint, contact us on 041 214 9500 or complaints@flogas.ie. Your complaint will be registered and a reference number issued. Every effort will be made to resolve your complaint in a speedy and professional manner. Some issues, by their nature, may take longer to investigate and rectify. If you feel your complaint has not been resolved to your satisfaction by Flogas, then you may refer your unresolved dispute to: The Customer Care Team, Commission for Regulation of Utilities, PO Box 11934, Tallaght, Dublin 24. Telephone 1800 404 404. email: customerccare@cru.ie

Public Service Obligation (PSO) Levy
The PSO Levy is determined by the CRU (Commission for Regulation of Utilities) and relates to any additional cost incurred by the ESB in purchasing or generating electricity from sustainable, renewable and indigenous sources. It is charged to all electricity customers.

Energy Saving hints and tips

- These days we use many electrical devices & appliances to get through our day. It would be difficult for any of us to stop using them, but making small changes to our habits can help to reduce energy consumption over time & being a bit smarter in the times we use devices can help to lessen use at peak times.
- Switch off unused devices at the wall socket when you are not using them. When devices are sleeping or in standby mode they still use small amounts of electricity. Timers or smart plugs can be a good way to do this.

Flogas Fuel Mix Disclosure January 2023 to December 2023		
Electricity supplied has been sourced from the following fuels	% of total	
	Electricity Supplied by Flogas	Average for All Island Market (for comparison)
Renewable	100.0	61.01
Natural Gas	0.0	34.13
Coal	0.0	2.98
Oil	0.0	1.04
Other	0.0	0.63
Total	100.0	100.0
Environmental Impact		
CO2 Emissions	0 gCO2/kWh	223 gCO2/kWh
For information on your fuel mix and on the environmental impact of your electricity supply visit www.flogas.ie or, for further details call 0412149500.		

An ISEM transmission charge is applied to all commercial electric bills reflecting the additional generation, generation capacity, interconnection and other costs associated with the Single Energy Market. This charge is reviewed monthly and any changes are applied pro-rated to the number of days in the month the bill applies to.

Consumption
